

★ College of Technology Partnering with  
Industry and Entrepreneurs

**PURDUE**  
UNIVERSITY

COLLEGE OF TECHNOLOGY

## Mission:

The College of Technology educates professional practitioners and managers of science and engineering-based technologies, accelerates technology transfer to business and industry, and develops innovations in the application of emerging technology through learning, engagement, and discovery.

## Vision:

The College of Technology will be nationally recognized as the benchmark institution for the education of technology professionals and advancement of the technological economy through engagement and discovery partnerships with business, industry, and government.

## Partner with the College of Technology

Whether it is spurring economic development or augmenting the educations of employees across the nation, the College of Technology is well equipped to participate in affiliations that enhance the economic landscape in Indiana and beyond.

The College of Technology partners with industry and entrepreneurs around the state and across the country. These mutually beneficial partnerships assist individuals, businesses, and society while creating applied learning opportunities for Purdue students and research opportunities for faculty and graduate and undergraduate students.

As the third largest college at Purdue with 10 additional locations across the state, the College of Technology's faculty expertise and physical proximity can regionally assist industry and entrepreneurs.

## Student Recruitment

The College of Technology can help you find qualified interns, volunteers, or your next employees. Contact our Corporate Relations office about your employment needs, and they will help in a variety of ways:

- Posting and distributing job opportunities any time throughout the year through a web site available to students and departmental announcements
- Announcing interview and job opportunities in classes and seminars
- E-mailing job opportunities to student, faculty, and departmental mailing lists
- Announcing pre-recruitment information sessions
- Arranging space for special events and presentations
- Announcing company information sessions
- Offering off-peak recruiting periods by posting openings and arranging space for limited and private on-campus interviews
- Announcing internship and co-op opportunities

## Education for your employees

Through the resources at our 10 statewide locations and at Purdue University in West Lafayette, we can partner with you to offer customized training, certificate programs, continuing education, or on-site degrees. Graduate courses also are available through distance learning and a weekend master's program.

Customized training is developed on a case-by-case basis. The training can include individual courses or certificate programs molded to fit your company's objectives.

Certificate programs provide technical employees with specific credentials within their profession. Choose from Organizational Leadership and Supervision or Industrial Technology. On-site partial or complete degree programs can be offered.

We work with numerous companies from a variety of industries to assist in problem-solving and education of employees. Companies the College of Technology has helped include (a more complete list can be found at [www.tech.purdue.edu/engagement](http://www.tech.purdue.edu/engagement)):

- |                                |                                     |
|--------------------------------|-------------------------------------|
| ■ ALCOA                        | ■ Mailcode                          |

## Technology Making Life Better

The College of Technology has a reputation for its strength in instruction and applied research — applying technology to real-world needs. Improving competitiveness, increasing profitability, and enhancing quality of life are the driving forces behind our research efforts.

Signature areas of applied research within the college include:

- Technology and Life Sciences
- Security and Forensics
- Advanced Manufacturing
- Cyberinfrastructure
- Energy and Sustainability
- Science, Technology, Engineering, and Math (STEM) Education

## Additional Options

Our faculty are active with several Purdue-affiliated organizations that have been created to assist businesses and industry in Indiana:

- Technical Assistance Program ([www.tap.purdue.edu](http://www.tap.purdue.edu))
  - Manufacturing Assistance
  - Healthcare Provider Assistance
  - Energy Efficiency
  - Workforce Innovation
  - Faculty Assistance Projects
- Purdue Research Park ([www.purdue-researchpark.com](http://www.purdue-researchpark.com))
- Advancing Manufacturing Summit ([www.purdue.edu/dp/amap](http://www.purdue.edu/dp/amap))
- Envision Center ([www.envision.purdue.edu](http://www.envision.purdue.edu))
- Discovery Park ([www.purdue.edu/dp](http://www.purdue.edu/dp))
- The Product Lifecycle Management Center of Excellence ([www.purdue.edu/dp/plm](http://www.purdue.edu/dp/plm))

## Who to contact

### To hire a student

Call (765) 494-4252 or email [techdev@purdue.edu](mailto:techdev@purdue.edu).

You may also contact any of our eight departments regarding employment or internship opportunities for our students:

- Aviation Technology .....(765) 494-5782
- Building Construction Management .....(765) 494-2459
- Computer Graphics Technology .....(765) 494-7505
- Computer and Information Technology (765) 494-2560
- Electrical and Computer Engineering Technology .....(765) 494-7483
- Industrial Technology .....(765) 494-1088
- Mechanical Engineering Technology ....(765) 494-9099
- Organizational Leadership and Supervision .....(765) 494-0940

### To educate your employees

Contact the college's location nearest you. See back page for location information.

### To discuss partnership opportunities

Call (765) 494-2554 or email [techengagement@purdue.edu](mailto:techengagement@purdue.edu).

For more information about working with Purdue University's College of Technology, visit [www.tech.purdue.edu/engagement](http://www.tech.purdue.edu/engagement) or contact the location nearest you. If you are not close to a statewide location or are outside of Indiana, contact the West Lafayette location.
