

# Announcements

Updated: 1-30-09

## Class Cancellations

**CoT Lafayette campus only closes when either the West Lafayette campus cancels classes or SIA closes. If the location closes, a notification will be placed on this page.**

Instructors may choose to cancel their own class if they feel necessary. If they do so, they will email the students in their class. **If you think there is a chance that classes will be canceled, check your email.** Individual class cancellations will not necessarily be posted on the website.

## Purdue Career Account & Email Reminder

There are many students who still have not set up their Purdue Career Account & Email.

Your Career Account is your access to MyPurdue, where you can check your class schedule, receive tuition bills, and see your final grades.

Your Purdue Email is where all mass communication/announcements from Purdue will be sent. If you do not have yours set up, you will miss out on important information!

Directions for setting these up (and other helpful information) can be found at:  
<http://www.tech.purdue.edu/lafayette/career/instructions.cfm>

## Graduation
